Republicans added to list

For revised poll workers list, see page 3A

BY TRACI BONNEY
A revised list, released Friday, of Hancock County election workers includes 18 Republican poll workers.

The list was revised after members of the Republican Election Committee protested that only 13 of 126 poll workers for the November 5 general election were from the Republican party list.

Party chairman Mike Smith said he had submitted a list in August, then revised it and submitted a final one about two weeks ago.

While making his protest through the media, he explained that the Republican party wanted one representative at each precinct to ensure the integrity of the vote and the ballot during the election and while the ballot boxes are being moved to the courthouse after the polls close.

Smith claimed he was told several times by members of the county election commission

that there was one poll worker from his list in each precinct.

After the election commission released its final list, Smith added, he was then told that the commissioners felt obligated to continue to use

precincts. Pearllington, Crane Creek, Dedeaux and North Bay West still have no Republican workers.

Pearlington is in District 2, Sandra Garber's district. She had said earlier this week that

Nolan said she is very upset with the Republican committee. She stated that several of the Republican workers actually voted as Democrats in the primaries, and further claimed that the election commission found some of those people for the Republican committee because it didn't have enough workers.

The 18 additional poll workers, who receive \$50 for the day as do all the workers, will cost county taxpayers \$900, Nolan added.

While Smith is pleased that the Republican party is represented by poll workers in 24 precincts, he is disturbed that Nolan "refuses to appoint Republican representatives" in Crane Creek, Dedeaux and North Bay West.

His statement concerning Nolan's actions was part of a protest letter he filed at the circuit clerk's office on behalf of the county Republican Executive Committee Friday afternoon.

"I'm not going to bump someone who's worked the polls for 20 years."

—Nolan

those poll workers who have worked in previous elections.

Election commission secretary Betsy Nolan said in releasing the revised list that the original one was "basically complete except for District 1." She explained that she failed to include those Republican poll workers recommended by commissioner Jimmy Ladner when she typed the list.

In the revised list, there are workers from the Republican party's list in 24 of the 28 pre-

she tried to use the Republican list in making her choices, but also wanted to use those poll workers she knew were experienced and dependable.

Of the other three precincts, Nolan said Friday, "There were more than enough experienced, reliable poll workers in those precincts, so that they (the commissioners) didn't look beyond their usual list of workers."

"Mainly it's me, I'm not going to bump someone who's worked the polls for 20 years."

Protest filed

Republican Executive Committee chairman Mike Smith files a letter of protest with circuit clerk office employee Karen Ruhr Friday afternoon. The letter protests the alleged refusal of election commissioner Betsy Nolan to assign Republican poll workers in three precincts over which she has jurisdiction. (Echo staff photo by Traci Bonney)

Sheriff, supervisor races Tuesday

BY TRACI BONNEY

Who fills the sheriff's position and four of the five county supervisors' posts for the next four years will be decided Tuesday.

In the sheriff's race, incumbent Ronald "Ronnie" Peterson squares off against Republican Ray Murphy.

In Supervisor District 1, Republican Pat Le Fave faces

incumbent Robert Peterson Jr., while in District 2, Democrat Alton A. "Dolph" Kellar meets Republican Russell Caldwell. Kellar defeated incumbent Ronald Cuevas in the October runoff election.

In District 4, incumbent William Seymour faces Republican Billie Lyons, and in District 5 incumbent Michael "Mike" Ladner meets Republican Johnny

Gryner.

Incumbent chancery clerk Mike Necaise faces Republican Gerald A. Sportorno Jr., while in the constable east race Republican Brian Cuevas challenges incumbent Leo Ladner.

On the state level, District 46 senator Vic Frankiewicz faces Republican challenger James Overstreet, a contract engineer from Diamondhead.

Drugs, cash, guns part of raid

BY ELLIS CUEVAS

Two Hancock County residents were arrested Friday evening, to culminate a five week investigation into an illegal drug operation, according to Hancock Criminal Investigator Glenn Strong.

The investigation was conducted by the area's drug task force, including Strong, Waveland police officer Bill Pepperman and Bay St. Louis police officer Terry Eley.

Strong reported that Beverly Billings, 48, and William R. Billings, 52, both of 10060 Fiesta Drive, Shoreline Park, Bay St. Louis, were arrested after officers received a search warrant from Justice Court Judge Lee Klein Friday afternoon.

Items confiscated included one pound of hashish, approximately one half pound of marijuana, a loaded pistol, a loaded .38-caliber Darringer, 223 Vicodin Tablets, (A Schedule III narcotic drug), a set of scales and drug paraphernalia, Strong said.

Both are being charged with possession with intent to distribute narcotics, Strong reported.

Because of health reasons, Beverly Billings was released

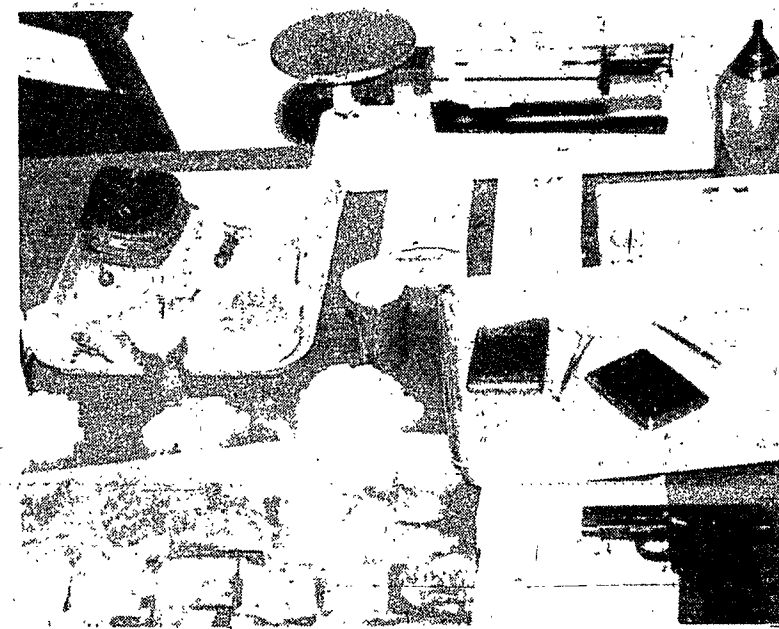

on a \$5,000 bond. William R. Billings is being held in the Hancock County Criminal Justice Facility without bond, Strong said.

Strong indicated this is the first time he has seen hashish in Hancock County in more than 10 years. He said the last time he saw it here, it was only a very

small amount. He did not want to speculate as to the value of the drugs confiscated.

The task force officer did say that DEA estimates it takes about 450 pounds of marijuana to manufacture one pound of hashish.

Strong is in charge of the investigation.

Celebration of Life slated for November 9

BY TRACI BONNEY

Most Hancock Countians will party at the drop of a hat.

So — the hat's been dropped. Hancock Medical Center will host a Celebration of Life at the

county walking track Saturday, Nov. 9, from 11:30 a.m. to 3 p.m.

HMC is hosting the event in cooperation with the Hancock County Chamber of Commerce, the city governments of Bay St.

Louis and Waveland, the county board of supervisors and the Bay St. Louis Rotary Club.

The celebration will include games, music and food, as well as a "Name the Baby" contest. The contest, outlined in an advertisement on Page 12A of today's edition of The Sea Coast Echo, invites entrants to match the names of local celebrities with their baby pictures.

Chamber president Basil Kennedy commented, "The purpose of this celebration is to show the progression of hospital services in Hancock County."

Local hospital service started in 1928, when the Bay St. Louis chapter of the Order of the King's Daughters and Sons started an emergency hospital in one room of Dr. D.H. Ward's Main Street office.

According to Marjory Linfield of Baton Rouge, the daughter of King's Daughters

Tackett said the owner of the abandoned car was on his way back to retrieve it, after having had mechanical problems earlier.

Trooper Roy Fullerton responded to the emergency call.

Hancock County coroner Norma Stiglet reported that Hardy, declared dead at the accident site, died of multiple internal injuries at approximately 7:13 a.m.

Hardy's body was taken to Edmond Fahey Funeral Home in Bay St. Louis.

La. resident dies at foot of Pearl River overpass

BY JACQUI COCHRAN

Thirty-five-year-old Alberta H. Hardy of Shidell, La. died Wednesday morning when she hit an abandoned car at the foot of the Pearl River I-10 overpass.

Mississippi Highway Patrol public affairs officer Danny Tackett reported that Hardy was westbound when she collided with a car parked off to the side.

"She may have dozed off or lost concentration to veer over to the side like that," Tackett stated. "We can only guess what happened."

When history repeats itself...

BY TRACI BONNEY

A Friday morning meeting of past Chamber of Commerce presidents revealed that some things don't go away with time.

Chamber president Basil Kennedy said he and 12 past presidents met at Hancock Medical Center for a breakfast meeting that included a report of the Chamber's progress over the last year and a round-table discussion on problems and how to solve them.

Attending the meeting were Kennedy, Neetsy Lamb, 1976; E.J. Marengo, 1973; Joe Marochino, 1964; Louis J. Breaux, 1982 and 1983; Perry F. Gibson, 1972 and 1975; John C. Mason, 1985;

Nicholas M. Haas, 1974; C.C. McDonald Jr., 1955 and 1956; Herb Dubuison, 1987; Lambert Boyd, 1953; Randy Castello, 1989 and 1990; and Dick Thomas, 1978, 1979 and 1986.

"I wanted to get some input from the past officers," Kennedy commented. "One thing we discovered was that some of the problems we have now are problems that past administrations also had."

Two main areas of difficulty, he said, are membership and finances.

Kennedy said he is preparing a report on the meeting that he will submit to the Chamber's board of directors.

Coast Electric participates in cancer prevention project

Coast Electric Power Association is participating in a nationwide cancer prevention project funded by the National Cancer Institute.

Coast Electric is one of 40 work sites taking part in the study, which is aimed at changing the eating and smoking habits of workers in rural areas. The University of Texas M.D. Anderson Cancer Center is the project coordinator for the five-year, \$2.8 million cancer study.

Cancer is the second leading cause of death in the United States today, and 65 percent of those deaths are caused from tobacco and nutritional habits.

Results of a preliminary study show that the smoking rate among the work sites involved in the project is about 22 percent. The national average is about 24 percent.

However, the average chewing tobacco rate among the same work sites is about 17 percent. A significant number of smokers surveyed said they'd switched from smoking to chewing because they were worried about the health risks of smoking.

Smokeless tobacco is much more accepted culturally in the South than elsewhere in the country; however, chewing is

linked to high rates of mouth cancer.

Coast Electric has established an Employee Advisory Board to explore such areas as smoking, how to make quitting fun and how to modify recipes to be healthy but flavorful. The Employee Advisory Board is made up of employees from different segments within the company and includes both smokers and non-smokers.

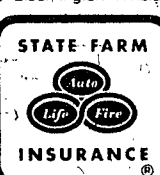

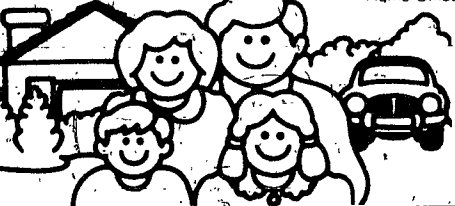

A kickoff has been scheduled for Coast Electric employees at 9 a.m. Wednesday to create employee awareness about the project and answer any questions or concerns.

## WHERE DO WE DRAW THE LINE?

**FACT:** In his past 11 years the present Chancery Court Clerk has earned an average annual salary of \$51,648, according to his reports to the Secretary of State. Quite a contrast to the per capita income in Hancock County which was, according to 1988 figures, \$10,268.

**FACT:** Under the fee system, Circuit and Chancery Court Clerks can pocket all the money from fees they collect after paying their expenses.

It is outrageous to think that some clerks in Mississippi have been the highest paid local public officials in the nation.

I am in favor of abolishing the fee-paid system.

- Reasonable fixed salaries for all clerks of court
- Limited terms of public service.

Hancock County is one of the fastest growing counties in Mississippi. We must solve the many current problems and prepare now for the fine future which awaits us.

**I will work to make these problems priorities . . .**

**Economic Development and Job Creation** - We cannot stand higher taxes. To provide our needed services, we must increase the tax base through industrial development and job creation. We must stop waste in spending and take advantage of more state and federal aid.

**Gravel Streets and Roads** to be built up where needed and paved. Maintenance cost on gravel streets and roads over a period of five to ten years would pay for modern pavement if done now.

**Drainage** - A major drainage plan was developed for the Board of Supervisors in 1983 that would solve local drainage problems, stop infiltration in the sewage system and prevent damage to streets and roads. The Board of Supervisors never acted to implement this important plan.

**Waste Disposal** - The 1992 budget for waste disposal alone is \$452,000. This amount includes subsidies to commercial garbage collectors, trash haulers, Bay St. Louis and Waveland. The cost per household county wide of your tax is \$3.80 per month and still no curbside garbage service in rural areas. I will propose and work for county wide garbage pick up at each home.

**Law and Order** - We must have better paid, well-trained law officers and the equipment to get the job done. The Sheriff's Department should be adequately funded at all times.

**County Wide Full Time Fire Departments.**

**Better Pay and Benefits For Full and Part Time County Employees.**

**Improved Recreation Programs and Facilities For All Citizens County Wide.**

## Republicans

Continued from Page 1A

He stated in the letter to circuit clerk Pam Metzler: "Please take notice that the action of the Election Commission in failing to appoint Republican representatives in the foregoing precincts is in direct violation of Section 23-15-231 of the Mississippi Code Annotated (1972)."

"Please take notice that the Hancock County Republican Executive Committee reserves the right to protest the vote count in the foregoing precincts, as well as the vote count and election results in Hancock County."

The section of law Smith cited states that all managers (poll workers) in a certain precinct cannot be members of the same political party if a suitable person of a different party can be found in the district.

Smith said when he filed the protest letter that the Republican committee did not want to halt the election, but simply wanted to make the committee's position clear.

Regarding allegations by Nolan and Garber that not all of the Republican poll workers voted Republican, Smith said no one can legally know for sure how a person voted in the primaries. He also pointed out that many people voted as Democrats in the primaries for reasons other than party affiliation, such as to try to ensure that the voter's favored candidate stayed in the race until November.

## Police Record

The following incidents and misdemeanor arrests were reported by the Bay St. Louis Police Department during the week of October 21- Nov. 1:

- 8 contempt of court
- 4 driving on a suspended license
- 2 simple assault
- 4 disorderly conduct
- 2 DUI
- 2 leaving the scene of an accident
- 1 bad check
- 1 simple possession of marijuana

### POSITIONS OF PAT LE FAVE

1. **LAW ENFORCEMENT.** I will work to increase the number of deputies on duty at night. I will work for the implementation of continuing education to help maintain high standards for our law enforcement officers. Our law enforcement officers deserve a livable wage and I will work to find the money to increase their salaries.
2. **MEDICAL SERVICE.** Upgrade and improve ambulance service and response times. Expand patient services at Hancock Medical Center to better meet the needs of the sick of Hancock County.
3. **EDUCATION.** Establish a resource pool of talent from our adult community. This pool to help our schools, on a volunteer basis, in special areas of need.
4. **INDUSTRY, RECREATION AND TOURISM.** Establish a positive plan to upgrade existent roads and tourist areas to encourage tourism dollars. This will create additional jobs which will be filled by residents of Hancock County whenever possible.

I will hold "open meeting" in my district at least every six months to "Check the Pulse" of the people. This will encourage open lines of communication in the district which will allow me to know your needs. These open meetings will give me the opportunity to inform you "face to face" of important current issues.

He has 20 continuous years service at the Hancock County Sheriff's Department. During Sheriff Peterson's administration, more criminal indictments have been returned in the history of Hancock County. Of the Grand Jury indictments returned, Sheriff Peterson's office has an unbelievable 99% conviction rate.

• Sheriff Peterson has an extensive background in Narcotic Investigation and will continue to focus his leadership toward the drug problem in Hancock County. He has participated in over 1400 drug-related operations that resulted in hundreds of arrests and convictions. During these undercover operations, large seizures of money, cars and assets were taken from the drug dealers. The Sheriff's Department can now purchase two police vehicles a year from money (confiscated) from drug dealers on the interest alone, while the principal of \$250,000 stays intact in a local bank. This results in a savings to the taxpayer. The Hancock County Metro Drug Task Force, in existence for two years, is now continuing the task of fighting drugs in the county.

• Sheriff Peterson was instrumental in getting the new Hancock County Criminal Justice Facility with the help of the voting public. The new facility is now operating efficiently, and very business-like. By housing federal inmates, an income of over \$500,000 a year is paid to Hancock County, that makes the jail self-supporting. A county-inmate work program has also been implemented. Prisoners are now working at a county farm to raise vegetables to cut costs on the food bill at the new facility. This also results in a savings to the taxpayer.

• Sheriff Peterson is instrumental in leading murder investigations that occurred in Hancock County. Since he was elected Sheriff, Hancock County, has an excellent record for solving these violent type crimes. By solving these crimes, the murder rate has dropped tremendously in Hancock County.

• Sheriff Peterson is a leader in all types of modern law enforcement techniques. He is a graduate of the Mississippi Law Enforcement Officers Training Academy basic police class. He graduated from the Law Enforcement Academy's investigation class. He is a graduate of the University of Mississippi's narcotic class and attended numerous law enforcement seminars throughout the state. He is a member of the Mississippi Sheriffs Association and National Sheriffs Association.

• Sheriff Peterson is an experienced Sheriff you can talk to. He will continue to maintain an "open door" policy at the Sheriff's Department. His slogan has always been "don't ever reach so high that you would forget those who helped you get there."

## EDITORIAL

## Your vote could make the difference

Your vote could ensure a candidate an elected office. If you stay home, you could guarantee a loss for someone. It is just that simple.

State and local political leaders will be elected on Tuesday to serve for the next four years. A few minutes out of your busy day will help decide the future for our state.

The races up for grabs include state-wide offices of governor, lt. governor and various commissioners, to local board of supervisor positions, sheriff, justice court judges, constables and legislative seats on a local level.

In the Hancock County primary run-off election, unofficial returns gave one candidate only a one vote margin. Past elections have been decided by a single vote. Several races have been settled with only a few votes and many guilty consciences of supporters who just didn't make it to the polls separating winner and loser.

The polls for the General Election will be open from 7 a.m. until 7 p.m. at Hancock County's 28 precincts. Be a part of your government by casting your ballot Tuesday.

## VOTE TUESDAY!

Tuesday, November 5 is election day. Registered voters are reminded they may vote in the general election even if they have not done so in the primary, or primary run-off elections. They may vote for the candidate of their choice, regardless of party affiliation. Polls are open from 7 a.m. until 7 p.m.

## "QUOTABLE QUOTES"

By Ellis C. Cuevas

Last weekend, Jane and I, Randy and Sherry spent four days in Branson, Missouri, now proclaimed as the "Broadway of Country Music."

I know there are folks around here who talk about tourism and how it could play an important role in economic development. Tourism sure plays a very important role in Branson.

Some 30 years ago very few folks even heard of Branson, and now it has moved into the limelight in attracting tourists in this country.

Let's take a look at the figures today. There are 22 theatres dedicated to musical entertainment, for a total of 40,825 theater seats.

Many of the top country singers perform in Branson as there are 42 different music shows, including nine daytime acts at Silver Dollar City and two at Shepherd Hills Homestead.

About 4 million visitors vacationed in Ozark Mountain country in 1990. Some six out of 10 went to music shows.

Tourism in Ozark Mountain Country is more than \$1.5 billion annually.

Folks, this appears to be only the beginning. Over \$100 million in developments, including eight more new music theaters and a show boat that will add over 19,000 new seats for musical entertainment, are in the works.

We got to see Marie Osborn and her band at the Roy Clark Celebrity Theatre which opened 1983 on Friday night. We really enjoyed ourselves.

In June 1991, Ray Stevens opened the newest of the new theatres, joining Boxcar Willie, Moe Bandy, Mel Tillis, Jim Stafford, Danny Davis, Shoji Tabuchi, the Branson Brothers and other headliners.

It is said that a visitor could stay in Branson for over a month and see a different music show every day without repeating.

We stayed at the Big Cedar Lodge, some seven miles from Branson, and it sure is beautiful, especially with the leaves changing colors.

Table Rock Lake is reported to have 800 miles of shoreline and Randy and I were in a little fishing tournament Saturday afternoon.

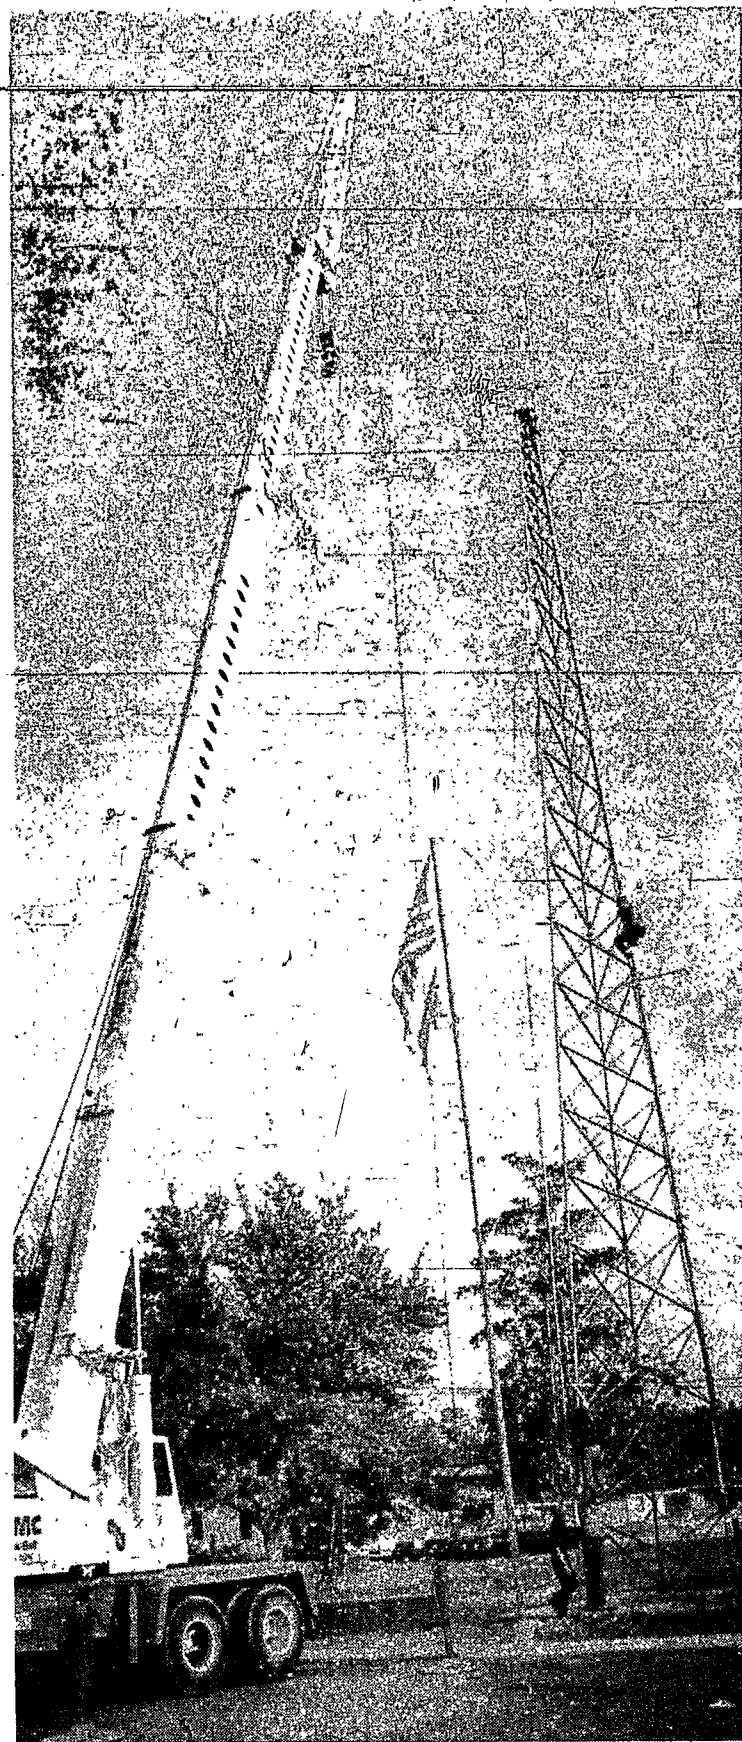

We did not win, as fishing was lousy because it had rained all day, night and morning before, yet it was fun.

We fished two to a boat with a Bass Pro as a guide. Those boats really fly across the water.

One of the interesting things in Branson is the number of spin-off ventures the music shows have created. Not all of the theaters are dinner theaters like Roy Clark's. By the way, the prime rib is delicious.

Motels, restaurants, entertainment, etc., are too numerous to mention.

I am looking forward to our next meeting, and I am hoping it will be in Branson.

## Firemen donate antenna

Clermont Harbor Volunteer Fire Department Fireman Noel Dastague mounts a new radio antenna atop the old windmill tower in front of the Bay St. Louis Police Department. The antenna, which will serve all Hancock County fire departments, was paid for exclusively with donations from the Hancock County Fireman's Association. Dastague said the new antenna, with its high position on the tower, will help the dispatcher reach outlying areas of the county. The old antenna, mounted on the roof of the police building had caused communications problems because of its insufficient range. (Photo by T. H. (Doc) Toups)

## LETTERS TO THE EDITOR

## Senseless pellet gun shooting of eight-year-old draws ire

Dear Editor,

This letter is directed toward the moron or morons, whichever the case may be, who on this last Saturday evening, shot an innocent eight-year-old boy with a pellet gun.

I am assuming this correspondence may be difficult for you to read and comprehend. However, if you have some clue that it pertains to you, may I suggest you bring it to someone who can read. Preferably a law enforcement officer, he can read your rights at the same time.

Are you so very bored that the corner of Main Street and Beach Boulevard is so much more enticing to direct your sick form of recreation? May I sug-

gest a safer and more intelligent form? Turn your TV to either PBS or the Discovery channel. The nature shows will indicate how well a mother lion will fiercely defend and protect her young. The mother will either kill or be killed in defense of her young.

You can thank your lucky stars this child's mother did not catch you. I would not have given twocents for what would have been left of your hide. Will you get caught? Maybe, maybe not. Just remember in the back of your mind "the mother lion." Multiply that situation thousands of times and you will see the rage of a human mother.

Sincerely,  
Mary Helen Neal

## Flu shots given at health dept.

Mississippians may face an early influenza season this year, public health officials say.

"Most of the small number of cases in other states we have seen so far this year have been Type A influenza," said State Epidemiologist Dr. Ed Thompson. "Influenza epidemics are more likely to occur with Type A strains."

The Mississippi State Department of Health encourages Mississippians to visit the county health department to get the influenza vaccine and protect themselves against the virus.

"The option is to suffer a week or more of fever, chills, and body aches," Thompson said. "The vaccine isn't 100 percent effective, but it's the best

way to avoid the disease."

And people experience more than simple discomfort. The viral disease and its complications remain the fifth leading cause of death in Mississippians 65 years of age or older.

The Mississippi State Department of Health offers flu shots before the flu season, which can begin as early as December and last through April. The shots, available at the Hancock County Health Department, carry a \$6 administration fee and are given on Mondays and Thursdays. Medicare patients should present their cards for no-cost shots.

The vaccine provides protection against common influenza strains during that season, but

immunity isn't permanent. Health officials recommend a new shot each year because the vaccine changes yearly to protect against current viral strains.

"One of the most common complaints we hear is that the shot will give a person influenza," said Thompson. "But the vaccine used now is made from purified, killed egg-grown viruses and cannot cause influenza."

MSDH recommends flu shots for:

\* Anyone who wants to avoid the flu.

\* Certain groups at increased risk for serious complication if they get the flu, such as:

—Adults or children with chronic disease of the cardio-

vascular or pulmonary system, including children with asthma.

—Persons 65 years of age or older.

—Nursing home patients, with approval from their attending physician.

—Adults and children who have required medical follow-up or hospitalization during the previous year because of chronic metabolic disease, renal dysfunction, or immunosuppression.

—Children six months to 18 years who are receiving long-term aspirin therapy, and therefore may be at risk of developing Reye syndrome after influenza.

\* Health care workers, especially those working with patients in one of the above groups, and

\* Persons whose absence from work could result in disruption of essential services, including school teachers, certain military personnel, police officers, and firefighters.

In addition, public health officials recommend the vaccine for persons who provide care for or live with a high risk person.

People with allergies to eggs or persons with illnesses accompanied by fever should not get the influenza vaccine.

For more information about influenza or the vaccine, readers should contact their physician or county health department at 467-4510.

## Celebration

Continued from Page 1A

and Sons Hospital founder Mrs. A.F. Fournier; the hospital flourished with the community's financial support through donations and fund raisers. Outgrowing the room in Dr. Ward's office, the hospital moved first to a building on Main Street, then to a small house on Carroll Avenue.

Linfield commented, "For a number of years, they existed without any other help, but as you know most hospitals are not self-supporting, and finally the city (of Bay St. Louis) and the county came up with monthly checks to help them out."

"They had one trained nurse, a Mrs. Craft, to begin with."

In the late 1950s or early 1960s, the hospital, which had evolved into a maternity hospital, was disbanded. Not long after, the county built Hancock General Hospital, the predecessor to Hancock Medical Center, on Dunbar Avenue.

The Celebration of Life is being held to honor that heritage. Sea Coast Echo publisher Ellis Cuevas said the event is to recognize anyone born in the King's Daughters and Sons, Hancock General or Hancock Medical Center, as well as everyone else living in the county.

Starting at 11:30 a.m. November 9, Bay St. Louis police and fire departments and the Waveland Police Depart-

ment will have games for the children: a balloon toss, a sack race and an egg race.

John Rutherford and crew will man the grill, cooking hotdogs which will be sold, along with potato chips and soft drinks, for 50 cents for each item. Coca-Cola will have its wagon on hand as well.

The oldest person born in King's Daughters who attends the celebration will be recognized with an award, along with the oldest persons in attendance who were born at Hancock General and HMC.

Waveland Fire Department will have some of its equipment on hand and will give a demonstration of firefighting techniques.

The county Historical Society will have a booth displaying antique medical equipment and will have an antique auto display.

Dan Diamond will emcee the event, and Conrad Mauffray will be marshal of a parade, which includes decorated baby carriages, tricycles and wagons. Local celebrity judges for the parade include Emily DeMon-

tluzin, Stella Frilot, Eddie Favre, Nell Ducomb and Darlene Underwood.

The Hancock Medical Center auxiliary will handle registration for the celebration, and will be working with the Vial of Life program. This program allows family, friends and emergency personnel to quickly locate important papers in the event of a medical or other emergency in which the victim is not able to take the papers with him or her.

The Hancock County Exchange Club is contributing the decorations; the Princess Shoppe Teen Board is manning a face painting booth; American Legion posts 77 and 139 will make up an honor guard for the presentation of the colors; Rev. Nathan Barber will offer the invocation; and other community service groups will have various booths.

Music will be provided by the RSVP choir and second-liners and by the Impersonators.

A cake cutting will be held at 2:30, and the winner of the "Name the Baby" contest will be announced at 3.

The event is free and open to the public.

## I THINK MR. PETERSON HAS SEEN ENOUGH!

Mr. Peterson was further quoted in an FM99 radio interview as saying: "Mr. Murphy has never been a sheriff, nor run a jail." I would like to remind Mr. Peterson that prior to 1980, he was never a sheriff, nor did he run a jail. Twelve years later, that's still questionable.

Let's look at the FACTS and VOTE for QUALIFICATIONS! Let's vote for a PROVEN LEADER in LAW ENFORCEMENT,

## Election '91 candidate profile

EDITOR'S NOTE: The following was omitted from the candidates' profiles in Thursday's edition of The Sea Coast Echo.

## State Representative District 106

Larry B. Smith

Larry B. Smith, 40, of Poplarville is a pipe fitter. He has completed one year of college and is a Baptist.

A. I believe Mississippi has been the lowest long enough. I feel I am the man to start a turnaround for our state.

I see the problems facing our state every day, and until we get someone in Jackson who cares about the welfare of our state, we can't change. I'm not afraid to stand up for what I believe in and the citizens should have a choice.

I will be the voice for our citizens in Jackson.

B. 1. Taxes. By controlling wasteful spending, we should be able to work on lowering taxes.

2. Education. For our children to get the best education, we have to continue to maintain quality teachers.

3. Employment. I will work to create jobs for local residents.

4. Law enforcement. I will work to keep law enforcement with up-to-date equipment.

I will support initiative and referendum.

## SHOPPING UP A STORM

By Katy McGuire Caire

Those huge Idaho bakers are extra-good buys in our area supermarkets these days; you can "make a meal" of one, perhaps even have some left over for another meal! I often do so, varying the toppings.

Potatoes are a healthful food, good even for dieters—that is, unless you blanket them with sour cream or butter or extra-creamy sauces! Try mixing low-fat yogurt with chopped green onions and parsley or chives, seasoning with black pepper and a tinge of lemon!

Sometimes, I top the yogurt mixture in turn with a splash of salsa. Chili is also a good topping for these, "bakers," as is Mozzarella or parmesan or cheddar cheese; and I often add several of these in layers! The other day I topped a halved, baked potato with some leftover broccoli-in-cheese-sauce; you could even use a can of broccoli-and-cheese-soup if you wish, and don't want to cook up your own sauce. There are so many possibilities!

New potatoes are down a bit in price, and excellent partners for green beans. Green onions are a very good buy, as are bell peppers and tomatoes, big ones!

To accompany one of the round beef shoulder roasts, or pork roasts on sale at the markets, you might want to cook:

#### ROSEMARY ROASTED POTATOES

6 large baking potatoes (approximately 3 lbs.) peeled and sliced 1/8-inch thick  
1/3 cup olive oil

2 to 4 Tblsp. chopped fresh rosemary or 2 to 4 tsp. dried  
1 tsp. pepper, same of salt (optional)  
1 cup grated Parmesan cheese

## THE OVERSTREET CAMPAIGN

FOR STATE SENATE #46  
WISHES TO ADVISE  
YOU THAT:

- ★We need a Republican State Senator who will actively oppose the style of the liberal Jackson/Dukakis Democratic party that we have here in this state.
- ★The ridiculous split of the Diamondhead voting precinct is proof that drastic reforms are needed in County Government.
- ★First of all, we need guidelines on how supervisors draw beat lines... Hancock beat lines are a good example.
- ★County beats should not overlap incorporated cities; the redundancy has got to go. We need to work to reduce the number of county beats wherever possible.
- ★City residents should not pay county taxes and city taxes.
- ★City Annexation bids should require that free elections be held in the proposed annexed area like is required in other states.
- ★We need a state senator who will fight to reduce to size of the State House and Senate and draw district lines at city and county lines instead of the present gerrymandered method we have now.
- ★I would like to thank my Democratic opponent for agreeing to appear with me on the numerous political forums we have already had in the past, and also those to come in the near future.
- ★We need more support for the legitimate family unit instead of supporting anti-family welfare breeding programs.
- ★Reform education by eliminating state and federal controls over local school districts. This will eliminate the outrageous administration costs.
- ★And to remember on Nov. 5th to vote.

## VOTE HAROLD GRISSOM

DISTRICT ATTORNEY

He'll make a difference.

Harold Grissom knows that the District Attorney's office is of utmost importance to the citizens of Harrison, Hancock and Stone counties.

He believes that all criminals should be held accountable for crimes and the rights of victims should be vigorously protected.

#### Presently the District Attorney's office has:

No policy on drug dealers serving jail time. Allowing them to continue selling drugs on our streets.

Plea bargains with habitual criminals. Allowing convicts with at least two felony convictions to be released 75% sooner than allowed by law.

Dismissed one-third (1/3) of all felony charges and others reduced to lesser charges carrying lesser penalties.

Had numerous cases dismissed for unexcused delays in prosecution.

#### As your District Attorney HAROLD GRISSOM will:

Push to see that all drug dealers do time.

Stop plea bargains with habitual offenders requiring them to serve maximum prison sentences without parole.

Stop the systematic dismissal and reduction of criminal charges.

Organize the District Attorney's office - and will be a working District Attorney.

It's time that we put criminals in their place, not back on our streets!

## On November 5th Vote HAROLD GRISSOM

District Attorney. He'll make a difference!

## Avoid pious slush

"The only meaningful thing we can do is strive, not to see how much we can get out of life, but to see how much we can contribute in life."

Such inspirational sayings can be seen on special cards, on wall pennants, as fillers in periodicals and newspapers, and in a variety of other places. Most of them do make a lot of sense and supply us with inspiration and motivation.

The above-quoted saying sounds so very idealistic, noble, generous and altruistic. Surely, anyone who lives according to such a lofty principle will soon

scale the pinnacle of wisdom, the mount of humanity and the heights of religion.

That may very well be, but I beg to differ with the most basic thought expressed in the saying. It is pious slush to say that the only meaningful thing we can do is strive to see how much we can contribute in life.

No doubt, it is noble to want to contribute without counting the personal cost. It is generous and all those other good things. Likewise, it is unselfish to avoid straining to see how much we can get out of life.

Nevertheless, Jesus did not formulate it like that. He did

## Reflections

On Life

By Father Jerome LeDoux, SVD

not advise us not to search diligently for things which may benefit us personally. Nor did he admonish us to cast aside all personal interest and to contribute without ceasing.

Instead, Jesus commended us to be prudently selfish before we attempt to help others: "You shall love your neighbor as yourself" (Mk. 12: 31).

Basing ourselves on common sense and bathing in the light shed on our condition by Jesus, it is a very melancholy thought to spend our whole life turning away from whatever affords us some benefit and pursuing only what helps others.

If this sounds selfish, then Jesus sounded selfish too, except that Jesus, the Master Psychologist, knew that the best human balance begins with taking care of oneself. Unless we keep ourselves in good repair and vibrant, how can we hope to be alive to others and to do for others?

Jesus occasionally punctuated all this by fleeing into the mountains alone to rest, to commune with his Father and the wonders of creation in the wild.

Furthermore, why not bond the two together in such a way

that care for oneself is geared toward concern for others and vice versa? Self-interest need not exclude interest in any of one's sisters and brothers. Equally, striving to contribute to the cause and well-being of one's sisters and brothers should be in one's own interest as well.

Let's modify the slogan just a bit to read: "Getting as much as we can out of life depends to a great extent on how much we put into it. We cannot separate one from the other."

Don't we always say that very thing about church services when people complain that they are not getting anything out of going to church? Contribution, "the only meaningful thing," according to the slogan, turns out to be the most efficient way to be selfish.

How can the members of a family get the most out of their family? Ironically, by not trying to get everything they can. More ironically, by being selfish enough to contribute with all their heart, with all their energy and enthusiasm.

## Oyster reefs in western Sound close to harvest

Two oyster reefs in the western Mississippi Sound closed Saturday at 4 p.m.

The Area 2 approved reefs, which include Pass Marianne and Telegraph reefs, both south of Pass Christian, were ordered closed because of excessive rains with localized flooding and a prevailing north wind.

John Cirino, BMR shellfish program coordinator, said rain causes sewage-related bacteria to wash over oyster beds. A strong north wind helps push the bacteria onto the beds.

If eaten by humans, oysters contaminated with sewage may cause serious diseases such as hepatitis and cholera.

Since reefs in the eastern Sound were closed last month, there are now no oyster reefs open for harvest in Mississippi.

Cirino said water sampling in the western Sound will begin Sunday, and the reefs will reopen once biologists can verify that the water quality in Area 2 still meets acceptable levels.

Heat the oven to 400 degrees. Grease the sides of an 8-to-9 1/4-inch springform pan, and place on a greased jelly roll pan. Mix the potatoes, oil, rosemary, salt and pepper together in a large mixing bowl.

Arrange one-third (approximately) of the potatoes in overlapping layers in the ring. Sprinkle with 1/2 cup of the cheese, then top with half of the remaining potatoes and all the

remaining cheese. Top with the remaining potatoes.

Bake for an hour, perhaps several minutes more if needed, until the top is golden brown and crisp. Let cool a bit. To serve, run a thin knife all around the edge of the potatoes, and remove the pan sides. Slide a spatula underneath the potatoes to loosen, and lift with two spatulas to the serving platter. Let cool to room temperature. (6

servings)

Center cut beef chuck roasts are an especially good buy this week, as are beef spareribs and center cut pork chops, along with first cut chops. Fryer breasts and breast or leg quarters top the chicken offerings. Bananas, navel oranges and tangerines head the fresh fruit list, along with fall apples.

### COOKING UP A STORM

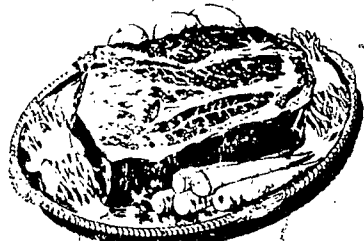

By Katy McGuire Caire

What do you do when you've bent the budget for that nice-looking tray of steaks or chops at the market, only to discover when you get 'em home that the fatty, gristly underside in the tray doesn't live up to the promise of the topside?

If you're anything at all like me, the first thing that you do is give full vent to your temper and hurl imprecations of all sorts at everyone and everything (in absentia) from the original animal itself to the butcher to the packer of the tray.

And when you've simmered down somewhat, you start trying to recoup something from this kitchen disaster, for you know that you have to use the food up somehow—you wouldn't think of tossing it away!

That was my situation the other day as I removed two nice-looking pork steaks from their package, planning to cook them in apple cider, along with sliced apples.

Alack and alas—those weren't exactly the words I used—when I turned the pork steaks over and saw the abundance of fat and gristle, I had to change my plans! So, I trimmed off the fat and too-gunky gristly parts, cut the pork meat from the bones, and then into small medallions (or chunks).

I browned the pieces in the barest amount of olive oil in my heavy iron skillet, topped them with several slices of lemon, added generous toss-ins of chopped celery, parsley and green onions (with their tops). Next, I sloshed a generous half cup of white wine over (with a glass of wine for the cook to renew her spirits) and then a full cup of tomato-vegetable juice, along with a bay leaf, pepper and other seasonings, then simmered the whole melange, covered, for 40 minutes or so.

The tang of the lemon rind and the tomato juice add a special flavor to this dish, and also help tenderize the meat. You may prefer to cut the pork into strips instead of pieces; and that also lessens the cooking time. Just be sure that you cook the whole business until the pork pieces are tender.

Just before serving the "Cussin' Good Pork" over rice, I sliced half an avocado atop, and tossed in some whole ripe olives. Incidentally, if the sauce thickens up too much, you may have to add a little more tomato

juice. This is a good way to stretch a small amount of meat, and in honor of the irate sound issuing from the kitchen that day, I gave this dish its name of "Cussin' Good Pork."

Incidentally, I didn't even waste the fatty bits. I cut them

into little chunks, fried 'em off till crisp; so that I had ole South cracklin's, tasty little nuggets when slightly salted and peppered, for use as a snack or in Cracklin' Bread!

# Hancock gains victory over East Central 33-0

BY JACQUI COCHRAN

Hancock High School's homecoming celebration was one of victory as the Hawks locked out East Central with a 33-0 win Friday.

The game started off with the East Central Hornets receiving the ball at their own 20-yard line.

The Hawks held the Hornets tight for three plays when an offsides penalty on the Hawks gave the Hornets their first down on the 34.

Three Hornet plays later, a fumble occurred with the Hawks recovering the ball on the Hornet 27.

The Hawks pushed through with running back Bobby Doyle moving the ball 17 yards before throwing to quarterback Jeff Favre on a lateral pass. Favre ran the ball 75 yards to score the first touchdown of the night with 4:47 remaining in the first quarter.

The Hawks attempted an extra point kick and failed, keeping the score 6-0.

Hornet player Terris Riley received the Hawk kick on the Hornet 12 and brought it to the 30-yard line.

The Hornets moved the ball to the 50-yard line after two plays. The Hawks' defense held, and on the Hawk 48 the Hornets had to return the ball.

The kick went out of bounds and the Hawks took the ball at their own 20. Two plays later the first quarter ended with the Hawks at their own 28.

Doyle took the ball on the third down attempt and moved it to the 31 for a first down.

a Hornet first down.

Three plays later a quarterback sneak by Brett Miller picked up another Hornet first down and placed East Central on the Hawk 39.

Two plays more and with 3:12 remaining in the first half, Hornet player Brady Bloodworth carried to the 36 where he was stopped by Hawk defen-

On the next play the ball was handed to Vince, who was stopped three yards behind the line of scrimmage. Two plays later, Vince took the ball in for a 52-yard run to the Hornets' goal with 9:54 left in the third quarter. The extra point kick was good and the Hawks led 33-0.

The rest of the game consisted of futile attempts by both

## TD number two

Vince carried the ball for 32 yards where he was brought down by Hornet player Stephen Biggs.

On the second play for downs Julius Jackson ran around the right side and in 34 yards for the Hawks' second touchdown, bringing the score to 12-0.

The Hawks unsuccessfully attempted a 2-point conversion with 9:50 remaining in the second quarter.

On the Hawks' kickoff the Hornets fumbled the ball and the Hawks recovered on the Hornet 38-yard line.

A 21-yard run by Vince was successful, placing the Hawks 17 yards from the goal.

Favre passed to Doyle, who took the ball in to the 1-yard line. On the next play Doyle again carried the ball, this time in for TD with 8:10 remaining in second quarter play.

The 2-point conversion attempt intended for runner Brian Necaise failed and the Hawks kicked to the Hornets with their lead stretched to 18-0.

Biggs caught the ball for the Hornets at their 13-yard line and ran it up to the 31.

There was a fumble on the play and Doyle picked up the ball to run 30 yards in for another Hawks score.

On a 2-point conversion play Favre handed the ball to Doyle, who crossed the line and pushed the score to 26-0 with about seven minutes remaining in the half.

The Hawks went to kickoff and a flag was dropped for offsides, causing the kick to be repeated.

The Hornets received the ball and ran it to their own 33.

The Hornets attempted two passes with no success. On the fourth attempt for downs Michael Lundy pushed the ball through to the 49-yard line and

sive back Ryan Lee. A Hornet pass intended for Dale Johnson was incomplete. The Hawks held the Hornets from the first down on their own 36 where they took over possession of the ball.

Two plays later Doyle fumbled and East Central recovered on the Hawks' 27-yard line.

Three plays later the Hornets were still 9 yards from a first down. The second quarter ended with the Hawks leading 26-0.

Hornet Brad Davidson kicked off to the Hawks as the second half opened and Doyle received on the Hawk 35 to run the ball up to their 43, where he was downed by Eddie Rice.

teams to move the ball down the field. After a last-ditch effort by the Hornets to score a TD, the game ended 33-0.

Coach Irvin Favre could not say enough about his boys, exclaiming, "They played great. We had a lot of problems this week during practice, but we were able to work through them."

"They came out here tonight and played good hard football all night long. I'm really proud of them."

The Hawks play their last game of regular season against the St. Stanislaus Rock-A-Chaws in Hawk Stadium this Friday at 7:30 p.m.

Hancock stands 5-4 for the season and 3-2 in district play.

# Dolphins breeze over SSC

BY ELLIS CUEVAS

St. Stanislaus was chilled by the Dolphins of Gulf Breeze, Fla. Friday night in a defensive struggle by the score of 13-7. Stanislaus struck pay dirt with only 51 seconds left in the half on a 84-yard bomb from Bill Dreher to wide receiver Mickey Quinlan.

On the long toss, Quinlan raced after the pass, grabbed the ball in front of him knee-high, never broke his stride, outrunning all of the defenders into the end zone. The Dolphin defensive backs had just been told by their coach not to let anyone get behind them.

Sure-footed Allen Schafer added the extra point.

The first half of the game saw each team moving up and down the field only to be stopped on superb defensive plays.

A Rock shovel pass interception by Line Glasscock for a 24-yard TD in the fourth quarter put Gulf Breeze on top. This, added to a PAT and a third quarter field goal of 33 yards by the strong leg of Pete DeLaratta, plus a 40-yarder in the fourth quarter against a strong wind, was the Dolphins'

The first quarter was eaten up with only one offensive drive by each team and the Dolphins carrying theirs over into the second quarter. Gulf Breeze was stopped on the Rocks' 38 and put Stanislaus in deep trouble at their own 1-yard line with a punt.

A Quinlan punt from the end zone gave the ball to the Dolphins on the Rocks' 36.

Gulf Breeze put on the heat and in four plays were at the SSC 9 with a first down.

The drive was stopped cold by a fumble recovery by John Rutherford IV on the 14-yard line.

Tate Thriffiley moved the ball to the 16 on a carry and the Dreher hit Quinlan on the long pass for the Rock TD.

The first half ended with the Rocks leading 7-0.

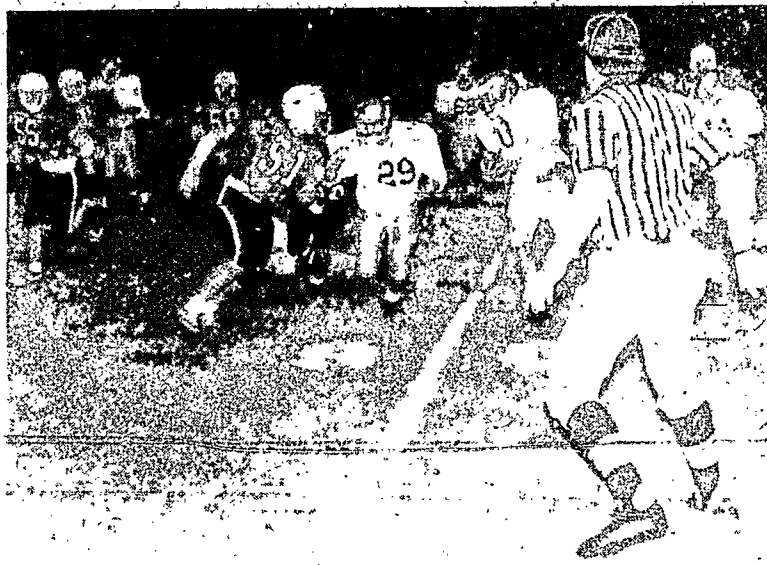

Second half action started with a kickoff by Stanislaus and good defense by the Rocks, forcing a punt, and getting the ball in good field position on their own 43.

A drive was started on a long keeper by Dreher in addition to runs by Mike Lee and Tate Thriffiley. The Rocks

Quinlan took the Dolphin kick and moved to the 24 of SSC. Gulf Breeze moved into score

visitors preceded the 40-yard field goal by DeLaratta with 3:30 left in the game.

The third interception of the night by the Dolphins shut down the last hopes of the Rock-A-Chaws.

Gulf Breeze, superior in size and strength, outtrused the Rocks 253 to 47 yards, with a 13 to 5 edge in first downs.

Stanislaus closed down the Dolphins' passing game, allowing only two completions for 18 yards, and had the edge in passing yardage, 111 to 18.

The Dolphins' Jon Miragliotta, Keith Van Slyke and Gerald Taylor were constant threats in sweeps throughout the game. Quinlan's two punts averaged 40 yards for the Rocks.

The loss puts the SSC record at 5-4 for the season with the final game set for next Friday against Hancock High, who also are 5-4 for the season. Gulf Breeze moved to a record of 4-3.

The game next Friday at the Hawks' stadium will see both Stanislaus and Hancock playing for a winning season.

## 33 after 33

SSC's Stanley Chapman, No. 33, left, prepares to engage with Jason Lombardo, No. 33, right. In a defensive struggle, Stanislaus lost to the Gulf Breeze, Fla. Dolphins, by a score of 13-7. scoring. Rock head mentor Ken Lyons said, "Gulf Breeze has a good team. They took away a lot of things we like to do offensively, especially our running game."

"We had an opportunity in the second half, but we did not capitalize on it. They were physically stronger than we thought they would be. I thought it was going to be a close game and it turned out that way."

The Rocks received the ball on the kickoff and moved all the way to the Dolphins' 16-yard line to come up with a fourth down.

Stanislaus' first threat of the game was foiled on a blocked field goal. A high snap may have been a contributing factor.

## Main St. Market seeks vendors

Special to the Echo

Main Street - Bay St. Louis project manager Mike Cuevas is looking for crafters to participate in the Nov. 16 Main Street Market.

The market is held the third Saturday of each month in the parking lot of Old Towne Restaurant, 119 Main Street.

"The Main Street Market is an excellent outlet for the folk and craft artist. The market averaged 300-400 shoppers during the five hours it is open. "Folk and craft artists not only have an inexpensive market to sell their wares, but have the opportunity to network with their fellow artists."

Savvy shoppers have purchased Queen Anne chairs, advertising memorabilia, oak chests, books, bric-a-brac, crystal, table covers, Mardi Gras throws, hand painted garments, contemporary and costume jewelry. Vendors present quality merchandise at reasonable prices.

The booth rental proceeds are used by the Main Street - Bay St. Louis project for downtown revitalization. The booths are approximately 10x10 rent for \$10. Seven spaces are left for the November market.

For further information, or to reserve space, call Dianna DeFries, Old Towne Restaurant, 467-5687.

## WE NEED A DISTRICT ATTORNEY WHO CAN GET THE JOB DONE.

### Grissom had key role in judicial nightmare

One fact not in dispute in the upcoming district attorney's race is that the late Cannon administration was totally ineffective during its brief tenure. The most significant problems concerned grand jury failures. Hundreds of indictments were fatally flawed and required re-presentation to already overburdened grand jurors. The culpable parties were Glenn Cannon and his assistant Harold Grissom.

From September 1988 until Cannon's trial and plea-bargained resignation in February 1989, I served as an assistant district attorney in the First Judicial District and bore witness to these events. I continued under Joe Meadows, who assembled a new team and assisted him in repairing the damage done by the Cannon administration. Few people outside of the criminal justice system know to this day how close this District came to judicial catastrophe.

The near-catastrophe came about because neither Cannon nor Grissom understood the fundamental principles of administration. I left the district attorney's office shortly after Cono Caranna returned and owe him no favors. His outstanding military record speaks for itself, as do his other notable achievements in many areas of the law. Despite the recent case involving a speedy trial problem, his office has done a good job managing the horrendous crime problem along the Coast. His remarkable ability to coordinate with federal, state and other local governments to bring scarce resources to bear against the criminal community is a

(Reprinted from a letter to the editor, SUN HERALD, October 31, 1991)

far cry from the Cannon administration's intractable feuds with virtually every law-enforcement agency in the District.

I've heard nothing to indicate Grissom has learned anything from his experience. While the criminal community may welcome a return to incompetence and ineffectiveness, the rest of us must shudder at the thought.

Every voter owes it to himself and his family to understand Harold Grissom's role in the Cannon debacle.

# Tiger playoff hopes killed by Hornets

BY RANDY PONDER

The Poplarville Hornets ended the Bay High Tiger's playoff aspirations with a 20-0 homecoming win Friday night.

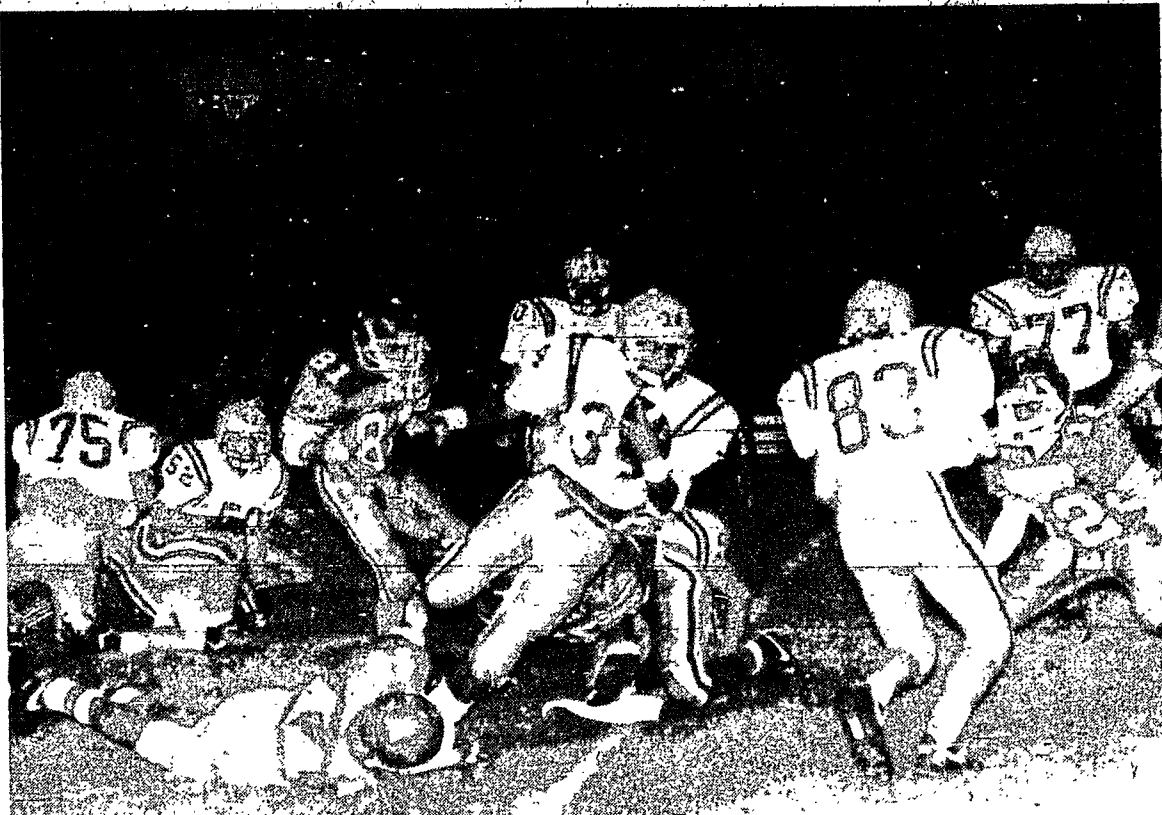

The Hornets scored all their points in the first half to claim the runner-up spot in District 8 Class 3-A.

"Sure I'm disappointed with the loss, but we had a shot at something we didn't even dream of at the start of the season," Tiger coach Rocky Gaudin said after the game.

Poplarville opened the contest with a 11 play, 76 yard touchdown drive. The point after was no good as the Hornets took a 6-0 lead.

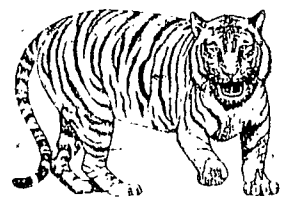

The Tigers appeared ready to strike right back when Adrian Whavers pulled in the ensuing kickoff and raced down the right sideline all the way to the Hornet 18.

Bay High could not punch the ball in and ended up turning it over on downs. Three runs and an incomplete pass had resulted in a loss of several yards as the Hornet defense stiffened.

## Division showdown

Adrian Whavers returned a kick 76 yards in a losing effort as the Bay High Tigers and Poplarville Hornets battled for a Division 8 Class 3-A playoff spot Friday night. The Hornets came out on top 20-0, scoring three touchdowns in the first half and stopping two Tiger drives inside their 10. (Echo staff photo by Randy Ponder)

Poplarville appeared unstoppable as they again marched down the field for another 76 yard TD. With the PAT they built their lead to 13-0.

The Hornets scored their final TD on a two yard run early in the second quarter. The play was set up by a pass interception when Sam Shepard was hit as he released the ball.

The Tigers came out strong in the second half and after stopping a Hornet drive, marched

from their own 30 to the Poplarville six before losing the ball on a fumble.

That was as close as the Tigers got. The rest of the game was a defensive standoff.

"We played a bad first half," Gaudin commented. "We let them take it to us. Give Poplarville credit, they are a good team."

"This was a big game, maybe we weren't ready for the pressure. We moved the ball well in the second half. We got inside the ten twice and didn't score. You can't do that and expect to win," Gaudin added.

The Tigers are 4-5 overall and 4-2 in division play. Bay High will host Long Beach next

Friday at 7:30 pm for their final game of the year. "We will be ready to play," Gaudin said.

## BILLIE LYONS SUPERVISOR DISTRICT 4

When I look at the District we live in, I see not just a district, but several communities with different needs.

As the Supervisor of District 4, I will make myself available to each and every individual, to the needs of the community and to the district as a whole.

I will look at the overlooked, listen to the unheard, and will speak with a voice from the people.

Without attending to the needs of each individual community we cannot prosper as a District.

Let's take a step in the right direction to insure the growth and prosperity of District 4.

## A frightfully good time

Halloween provided all sorts of daytime and nocturnal amusement for local residents Thursday. During the day, Waveland City Hall employees

costumed and distributed candy to 'trick-or-treaters' from St. Clare and Waveland Elementary schools.

That night, hordes of children and adults visited the Loiacano and Stiglet houses on Main Street, while an estimated 400 to 500 went to the Hallelujah Harvest Time Festival on Highway 90 in Waveland.

# WEDDINGS, ENGAGEMENTS

## Frye-Netherton

Galloway United Methodist Church Chapel in Jackson was the setting for the October 12 marriage of Michelle Bienvenu Frye of Jackson and Carlton Kirk Netherton of Morrilton, Ark.

The bride is the daughter of Mr. and Mrs. Gerald A. Bienvenu of Diamondhead. The groom's parents are Mr. and Mrs. Bruce Netherton of Morrilton.

The Reverend Burt Felder officiated at the double ring afternoon ceremony, which featured a special family medallion service with the bride and groom and bride's son, Steven R. Frye.

Nuptial music was presented by organist Mary Taylor Signa of Jackson and vocalist Beth Christenson of Bloomington, Ind.

Given in marriage by her father, the bride chose an ivory gown in sheath styling of bridal satin, with pleated fichu collar accented with schiffli embroidered lace and pearls. Beaded lace drifted asymmetrically down the slim skirt with a small flare near the back hemline, forming a court train. She wore a contour headpiece of pearl sprays and satin rosebuds with attached filament-edged fingertip veil.

She carried a cascade of silk magnolias and fresh stephanotis with ribbon and lace.

Robin Freeman of Pass Christian was matron of honor. Nicki Hilliard of Little Rock, Ark., sister of the groom, was bridesmaid.

Amy Hilliard of Little Rock, niece of the groom, was flower girl.

The attendants were attired in two-piece dresses of purple shantung, each with scalloped portrait collar on fitted jacket closed with tiny buttons over a slim skirt. They wore small hats of matching fabric and color accented with French veiling.

They carried bouquets of silk magnolias with fresh stephanotis.

James Earl Cheek of Morrilton was best man. Robert V. Bienvenu II of Bloomington, Ind., brother of the bride, was groomsmen.

Ushers were Tim Pinter of Fort Smith, Ark. and Michael D. Switzer of Jackson, cousin of the

Mr. and Mrs. Carlton Netherton

bride. Steven R. Frye, the bride's son, was ring bearer.

Mrs. Bienvenu chose for her daughter's wedding a teal green silk jacquard sheath style dress with a jacket made of silk imported from Thailand. The groom's mother was attired in a rose silk jacquard dress fashioned with dropped waist and full skirt.

A reception followed the ceremony at the University Club.

The food table was centered with a tall topiary of silk and dried flowers in colors of hyacinth, lavender and greens in a faux marble container. The cake was cut by the bride's aunt, Mildred Switzer of Jackson.

On return from a wedding trip to Las Vegas, Nevada, the couple resides in Morrilton.

## 'Thinking' seminar sponsored

On Wednesday, Nov. 20 the Gulf Coast Ad Club and Visions Inc. are sponsoring a seminar entitled "The Art of Using Your Whole Brain," featuring guest speaker Connie Mason, human behavior consultant.

The seminar is based on a book of the same name by Katherine Benziger, MS, a national consultant who has helped individuals as well as large corporations make progressive changes.

The workshop will be hosted by the Gulf Coast Business Technology Center, 1636 Popps Ferry Road, Biloxi.

For further information on this and other workshops contact the Gulf Coast Technology Center at 392-9741 or Visions Inc. at 392-2714.

## Mikovilje-LaFontaine

The home of Mr. and Mrs. Al LaFontaine was the setting for the October 12 wedding of Denise Grace LaFontaine and Dale Wayne Mikovilje. Judge Vernon Ladner officiated the evening ceremony.

The bride is the daughter of Mr. and Milton LaFontaine of Bay St. Louis and the granddaughter of Mrs. Robert Goulet of Redwood City, Calif., the late Robert Goulet, and the late Mr. and Mrs. Sidney LaFontaine. The groom is the son of Mr. and Mrs. John Mikovilje of Bay St. Louis, and the grandson of the late Mr. and Mrs. Nicola Mikovilje and Mr. and Mrs. Laza Cuevas.

Given in marriage by her father, the bride wore a semi-formal gown of white bridal satin which featured a jewel neck and puffed shoulders with tapered sleeves. The bodice was embellished with iridescent sequins and seed pearls and flowed into a full sweep skirt with a high-low hem. The gown featured a keyhole back with hanging pearls which led to a sweep train.

The bride's headpiece was a headband of satin rose buds accented with Alençon appliques and pearl sprays. A double pouf held a fingertip veil.

She carried a bouquet, made by her sister Lorraine Smith, of white lilies, roses, gardenias and miniature carnations, accented with pearls and ivy.

Michele Henry, sister of the bride, was matron of honor. Bridesmaids were sisters of the bride: Lorraine Smith, Peggy Avehart, Helen Moran; nieces: Angie LaFontaine and Micheline LaFontaine; and Reba McCaleb.

The attendants wore semi-formal gowns of cranberry satin with high-low hems. The bodices were covered with lace and featured lace puff sleeves.

Their bouquets, also made by Lorraine Smith, were of Reuben lilies, roses, carnations and pearls with ivy.

Flower girls were Brooke Avehart and Brandi LaFontaine. Ring bearers were Trent Smith and Tyler Henry.

Gene Mikovilje was best man. Stevie LaFontaine was the usher. Groomsmen were Pat Miller, Pat Williams, Don Moran, Gordon Herron, Stacey Herron and John Herron.

A reception followed at the DuPont clubhouse. Before the wedding, Mr. and Mrs. Al LaFontaine hosted a rehearsal dinner.

The couple is making their residence in Waveland.

Miss Hutton is a 1986 graduate of Hancock North Central High School. She is a student at Phillips College in Biloxi, and is employed with Delchamps in Waveland.

The bride-elect is the granddaughter of Mr. and Mrs. William Austin of Bay St. Louis and Mrs. E. Carter of Virginia, Minn.

Mr. Smith is also a 1986 graduate of Hancock North Central. He is employed with Avondale in Gulfport.

He is the grandson of Lela C. Harris of Bay St. Louis, C. O. Smith of Tunica, Miss. and Johnnie Burns of Jackson, Miss.

The couple will exchange vows in a 6 p.m. ceremony November 15 at Catahoula Baptist Church on Highway 43. Relatives and friends of the couple are invited to attend.

### First Southern Baptist Church slates activities for Homecoming

First Southern Baptist Church in Pearlinton will host Homecoming activities Sunday, Nov. 3.

The day will start with the 11 a.m. service. Dr. Paul Gericke of the Baptist Theological Seminary in New Orleans will be guest speaker. Gericke was the last pastor of Logtown Baptist Church before the community vanished into the NASA buffer zone in the mid-1960s.

After the service, dinner will be served on the church grounds, followed by a concert at 1 p.m. with Lavon Gray of West Union Baptist Church in Carriere.

The public is invited to attend.

### Corr-Harkey

Mrs. Donald E. Corr Sr. of Bay St. Louis announces the approaching marriage of her daughter, Robin Corr of Ridgeland, Miss., to Matthew F. Harkey, also of Ridgeland. He is the son of Mr. and Mrs. Haynes L. Harkey Sr. of Monroe, La.

Miss Corr is the daughter of the late Donald E. Corr Sr.

The bride-elect is the granddaughter of the late Mr. and Mrs. Robert L. Genin Sr. and the late Mr. and Mrs. Owen Corr, all of Bay St. Louis.

She is a 1984 graduate of Mississippi State University and is an engineer with Vickers Inc.

Mr. Harkey is a 1979 graduate of Millsaps College and is treasurer of Valley Management Services.

The couple will exchange wedding vows November 16 at St. Francis of Assisi Catholic Church in Madison, Miss.

### Delchamps announces earnings

Delchamps announced net earnings for the 13-week period ended Sept. 28, 1991 were \$440,000, a decrease of 81 percent compared with \$2,369,000 earned during the same period last fiscal year. Sales declined 7.5 percent to \$233,844,000 compared with \$252,686,000 last year.

Net earnings per weighted averaged share outstanding were \$0.06, compared with \$0.33 reported for the first quarter of last year. Sales for stores open in both 13-week periods decreased 10.4 percent.

Randy Delchamps, chairman of the board of directors, president and chief executive officer, said, "The decrease in earnings during the quarter was a result of a sluggish, recessionary economy, combined with a highly competitive environment with heated promotional activity throughout our operating area by most of the company's major competitors."

"In addition, a significant number of supermarkets continue to be opened in many of our markets even though no population increases have occurred. The increase in competition and promotions caused pressure on our margins and adversely affected our overall sales volume."

"We are, however, keeping our costs under control as we weather these difficult times, and we are increasing our own promotional and marketing activities in order to retain market share and increase sales volume. We remain confident that our strategic plan will lead to much success in the immediate and long-term future."

### Foster named to leadership council

Colonial Mutual Funds, the Boston-based mutual funds company, has named Craig W. Foster to its prestigious 1991 leadership council.

Foster was awarded the firm's silver medal for outstanding achievement and professionalism in providing investment services to his clients.

Foster, a resident of Bay St.

Louis, has been an investment professional for over five years. He is currently with Edward D. Jones and Company.

He is an active member of the community and a member and past president of Rotary Club and the Chamber of Commerce. He is actively involved in Bay Area Youth Soccer and Little League.

## BMR, EPA computerize survey for home computer owners

The Bureau of Marine Resources, in cooperation with the Environmental Protection Agency has established a means by which home computer owners may respond effortlessly to an important BMR survey.

The new program, which began in July, will allow the public to record their thoughts electronically, using the EPA's Gulf of Mexico Program Bulletin Board Service.

The survey, part of an overall assessment study of coastal resources, depends on capturing public views about how Mississippi's marine resources should be managed.

"The EPA/GOM Bulletin Board Service is another way of getting public input," said Larry Lewis, BMR's chief of coastal management.

A questionnaire for the survey has been prepared, and users are asked to rank eight coastal management issues in order of their own priorities.

The questionnaire has been printed in several newspapers and circulated through *Mississippi Soundings*, BMR's quarterly newsletter.

### Flotilla membership drive underway

The United States Coast Guard Auxiliary Flotilla 35, Pass Christian, has openings for new members.

"You, too, can be a member of this fine organization and serve your community," a spokesman said.

For information, call 452-9344 or 452-2487.

### Scardino inducted

The Safety, Health and Environmental Resource Center International (SHERCI), safety and health hall of fame induction was the setting for a Fellow Award presented to A. J. Scardino, Jr. of Pass Christian by the Veterans of Safety International. These activities were part of the National Safety Congress that was recently held in New Orleans.

A. J. Scardino

SHERCI is an International Organization composed of some 59 organizations from throughout the world including the United States, Canada, the United Kingdom, Australia, Japan, France, South Africa, Brazil, Sweden Mexico and India. Scardino was one of the founders of SHERCI and was honored by the Veterans of Safety International, the founding organization of SHERCI.

Veterans of Safety International (VOSI) celebrated its 50th anniversary at the Congress in New Orleans. VOSI has developed such noteworthy projects as 9-1-1 the emergency phone number, the safety and health hall of fame international, Safety Town USA, and is dedicated to the advancement of the science of safety and health through the cooperation and association of those having extensive experience and expertise in the fields of health and safety.

Scardino is president of Sigma Associates Ltd. which is home based in Pass Christian.

With the help of the EPA, the questionnaire was placed on the electronic bulletin board and can be answered by calling the toll-free number 1-800-235-4662 and accessing the computer system. There is no charge for this service, and users are also able to read about other coastal issues along the Gulf Coast.

Bob Glass, bulletin board system operator, says that all a person needs to make use of the service is a computer, a modem for communicating between his computer and the EPA's computer at the Stennis Space Center

and a telephone.

"The bulletin board is an excellent tool for gathering information on things like the bureau's survey," Glass said. "More importantly, the more people use the system, the more information can be shared."

"We'll be happy to assist people in becoming part of the electronic bulletin board," Glass continued, and the best part about it is that it's free.

More information about the bulletin board system may be obtained by contacting the BMR at 385-5860 or the EPA at 688-1065.

## CLUBS, AUXILIARIES

### Bay-Waveland Garden Club

A picnic was the setting for the Thursday, Oct. 10 Bay-Waveland Garden Club meeting at the 'Ansley Plantation,' home of Mr. and Mrs. Roy Burkart.

President Cindy Lowe called the meeting to order, the devotion was given by Mrs. Larry Burrows. Lowe led the Pledge of Allegiance.

Mrs. A. B. Dantagnan introduced her guests, Ruth Johns and Mary Lee Lagarde, and Mrs. Edwin Larroux introduced her guest, Mary Evans.

A door prize, a potted mum, was won by Mrs. J. D. Rutherford III.

Mrs. John Holmes, awards chairman, announced awards won by Bay-Waveland Garden Club at the Spanish Trail District meeting, hosted by Diamondhead Garden Club in September. First place was won for horticulture and second place for best overall garden club. Awards presented at Gulf Coast Council meeting in October, hosted by Bay-Waveland Garden Club, were second place scrapbook, Certificate of Appreciation from CARE, Garden Clubs of Mississippi Scholarship, Adopt-A-Highway, and Youth Nature Camp.

Holmes also announced dates for Flower Show School I, Nov. 12-14.

Garden of the Month award for October went to Mr. and Mrs. James Ladner Jr., 123 Grosvenor Place, Waveland.

Garden of the Month in Bay St. Louis is that of Dr. Joseph Lee, 143 St. Charles Street.

Yearbooks were distributed by yearbook chairman Mrs. Larry Burrows.

Hostesses were introduced by Mrs. Roy Burkart, Mrs. George Baud, Mrs. John Holmes, Mrs. J. D. Rutherford III and Mrs. Richard E. St. Pe.

Members were then treated to an old-fashioned hay ride around the 82 acres.

### Gulf Coast Newcomers Club

The Gulf Coast Newcomers Clubs will meet Tuesday, Nov. 12 at the Best Western Beach View Inn in Gulfport at 11 a.m. with lunch at noon.

The program will be presented by Edward G. Rosen. Subject will be 'Amateur Archaeology in Israel.'

The meeting is open to husbands and all other gentlemen who would like to attend.

Any woman who has moved to the Coast in the past three years is invited to join. Call Marge Graves at 867-6150 or Patti Aitkens at 388-9230 for additional information.

### Salon 218 Eight and Forty

The Harrison County Salon 218 of the 8 & 40 held its monthly business meeting Thursday, Oct. 24 at the American Legion Joe Graham Post 119, Courthouse Road, Gulfport, with Chapeau Lucille Boudreaux presiding.

It was announced that the salon's annual Christmas dinner party will be a covered dish dinner of turkey, dressing and the trimmings and will be prepared by the members of the salon. Special guests will be husbands and friends. Members will have a gift exchange. The date set for the event is Thursday, Dec. 12, 7 p.m. at the American Legion Post Home, 111 Courthouse Road, Gulfport.

Members have planned a tentative date for the Christmas Craft and White Elephant Sale on Friday and Saturday, Dec. 6 and 7 at the American Legion Post, 119 Gulfport, northeast parking lot. Money from the sale will be used for the salon's various philanthropic projects, including nurses' scholarships, cystic fibrosis, lung and other respiratory diseases in children. Anyone wishing to contribute items to the salon may call Bay St. Louis, 467-4974, or Gulfport, 896-4794.

Mamie Carver of Bay St. Louis was welcomed into the club as a new member.

### Hancock County Republican Women

The Hancock County Republican Women's Club will hold its monthly luncheon meeting at 11 a.m. Thursday, Nov. 7 at the Bay-Waveland Yacht Club.

Bob Sawyer, President George Bush's advance man for this region, will be guest speaker. He will provide interesting stories related to his job.

Reservations are required. Call Dotty Stapleton at 467-4940 or Betty Winkler at 255-3728 if you are not contacted.

Guests and prospective members are always welcome.

### Take Off Pounds Sensibly

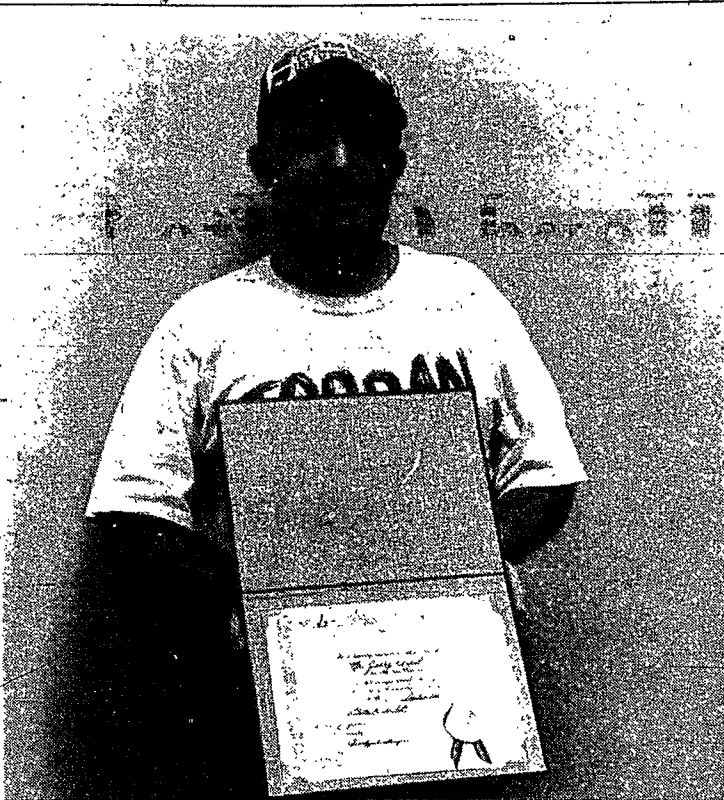

#### WAVELAND

TOPS MS 233 Waveland met Tuesday, Oct. 29 at the Waveland Library. Judy lost 3 1/2 pounds, and was the week's best loser.

Due to elections Nov. 5, weigh-ins will be Wednesday, Nov. 5. The group discussed the area meeting and welcomed Myrtle who had been absent for two months.

Tops meets every Tuesday at the Waveland Public Library. Weigh-ins are from 5:30 to 6 p.m. with the meeting immediately following.

Anyone interested in losing weight sensibly and maintaining that weight loss is invited to visit. Call Charlotte at 467-5790 for information.

### Mayor's award

Jerry West of Waveland was recently honored as the city's nominee for the President's Committee on Employment of People with Disabilities. West is pictured here with a certificate for distinguished citizenship presented to him by the Waveland Board of Alderman and Mayor Stella Friot. (Echo staff photo by Jacqui Cochran)

## Merchants Bank announces promotions

William R. Allison, president of Merchants Bank & Trust Co. of Gulfport, has announced the following promotions that were approved recently by the board

of directors of Merchants Bank: Guy Billups III to assistant vice president, and Mark A. Chatham to loan officer.

Billups, a native of Hammond, La., joined Merchants Bank in February of 1987. He was graduated from St. Stanislaus High School and attended the University of Mississippi.

He is a member of the Pass Christian Rotary Club and is on the board of the Harrison County Fair Grounds Commission and the board of directors of East Baton Rouge Parish First State Bank and Community State Bank of Hammond, La. He is active in the Tri-State and the American Cowboy Associations.

He is married to the former Hattie Smith of Orange Grove, and they are members of Trinity Episcopal Church of Pass Christian.

Mark A. Chatham, a native of Meridian, joined Merchants Bank in January of 1983. He is a graduate of Long Beach High

School, Mississippi Gulf Coast Community College and the University of Southern Mississippi. He is currently attending the University of Mississippi School Of Banking and will

attend graduate school at USM Gulf Park.

He is married to the former Tracy Foley of Long Beach, and they are members of the First Baptist Church of Long Beach.

Guy Billups III

## CLUBS, AUXILIARIES

### Riverview Club

The October meeting of Riverview Cooperative Extension Club was at the home of Mary Evans with 10 members in attendance. The meeting was called to order by Delores Bullitt, president.

Margie Welsh led the group in reading of the creed. Clyde Richardson gave the educational notes. A report of the district meeting was given by Joan Little and Margie Welsh who attended. Reports were given by the health and environmental committees.

The group was reminded to vote in the general election. Kay Buccola was elected to replace Cheryl Reynolds as cultural arts chairman for the group.

A donation of \$37.50 was collected for a needy family in the county. Dues are due at the next meeting.

The door prize, a beautiful needlepoint handbag, was won by Mary Evans. At the close of the meeting Alice Green showed the group how to make "church dolls." The next meeting will be Nov. 20 when the group will go to the discount mall in Slidell.

### Southern Women's Club

The Southern Women's Club, formerly the Gulfport Junior Women's Club, will hold its regular monthly meeting on Nov. 14 at the Lynn Meadows Art Center in Gulfport at 9:30 a.m.

Club Woman of the Year and the nominating committee will be elected. The annual Christmas luncheon plans will also be announced.

### Parkinson Support Group

The Parkinson Support Group will meet Sunday, Nov. 10 at 2 p.m. at Garden Park Community Hospital in Gulfport.

Judy Burchfield, physical therapist representing the local Suncoast Center for Rehabilitation, will be directing the therapy period. She will also show the latest video tape on a planned program called "Get Up and Go" that concentrates on improving the ability to sit, rise, reach and walk.

For information, call 863-2929 or 467-0307.

## GOD ENABLED PEOPLE TO WRITE THE BOOKS THAT WE ENJOY

Have you ever thought about how empty our lives would be if it weren't for books? We have them in our homes and yet seldom appreciate the wealth of learning and enjoyment they have brought to us. They are relatively inexpensive, particularly the paperbacks, compared to what they offer us, and they may be borrowed free of charge from our local library. Books cover virtually every subject in the world; including science, history, astronomy, adventure, romance, westerns, mysteries, children's stories, advice on everything from cooking to gardening to home repair, etc., and religion, which includes the greatest book of all, the Bible. At your House of Worship, thank God for the ability He has granted to the authors of all those books, which have done so much to enrich our lives.

*"Without books, history is silent, literature dumb, science crippled, and speculation at a standstill."*
